

Birds and Animals Puzzle Wheel

This puzzle wheel contains 8 birds and animals, and the circle in the middle spells the name of another animal. Start at the arrow and write in the answers to the following clues:

- ❖ Big, with a fierce eye and a hooked beak – sometimes seen in mountain skies
- ❖ Has got the hump but doesn't go thirsty!
- ❖ May be chestnut, bay or roan (or others) and sometimes has shoes
- ❖ A woolly grass-eater
- ❖ 'Green' and 'Gold' are clues to this family of seed-eaters
- ❖ Sometimes seen in zoos (or in South America) – it has a long neck and lots of shaggy fur
- ❖ You can see these at the Tower of London, but they always stay on the ground there
- ❖ An insect eater that darts around very fast, and is seen in summer.
